Fund Update 6

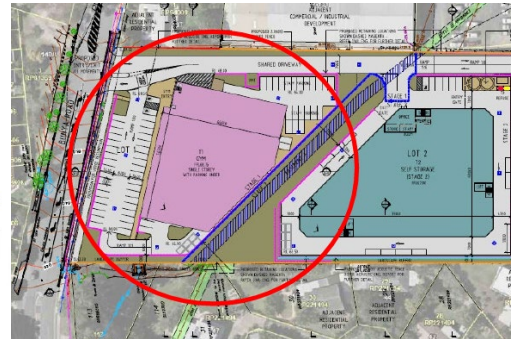

NorthRock Investments is pleased to announce the sixth update for our NorthRock Opportunity Fund - Arana Hills

01

Property Valuation Update

Agreement to lease

We are pleased to announce that the Arana Hills SPV Pty Ltd has entered into an Agreement to Lease with an established gym operator. The gym operator will assume 100% of the proposed gym at completion, on a 15-year lease term.

The conclusion of the Agreement for Lease further underwrites the value of the site and investors security, while continuing to validate the NorthRock vision for the 139 Bunya Road, Arana Hills, QLD, site.

We note we have advanced negotiations to sell the remainder of the site to nationally recognised organisation.

NorthRock's Arana Hills project is located approximately 12 km northwest of Brisbane's CBD. It is predominantly residential with essential amenities and green spaces. The industrial area in Arana Hills is relatively modest compared to larger industrial hubs in the region. It primarily caters to local businesses and services that support the residential community.

We would like to inform our investors and potential investors that Mr Michael Daley has left the company. We sincerely thank Michael for his time and contributions to NorthRock and wish him all the best in his future endeavours.

Further information is set out in the Information Memorandum dated 22 May 2024.

To review previous updates please [visit this link](#).

FUND OVERVIEW

The Trustee is seeking to deliver Investors a pre-tax return of 15% per annum on their investment money for the term of the Fund, net of fees and costs but excluding tax, while preserving Investor capital.

INVESTMENT STRATEGY

The Trustee will use the equity raised under the Offer to lend to its related body corporate, the Borrower, for the purposes of:

- a) acquiring the Property and then developing the Project on the Property;
- b) to pay the costs of the Offer; and
- c) to pay management fees to the Trustee and the costs of operating the Fund.

PROJECT SUMMARY

The acquisition of the Property, the subdivision of the Property into three lots and the construction on those lots of:

- commercial gym and associated parking;
- self-storage complex; and
- a series of industrial units.

Development approval for the Project has been lodged but not yet council approved, and so ultimately the Project may differ.

HOW TO APPLY

Application for investment can be made on the application form contained in the Information Memorandum.

The Offer opened on 19 April 2024. Units will be issued progressively, usually within five business days of acceptance of applications.

To obtain an Information Memorandum please call 1300 667 789 or visit www.northrock.com.au

ABOUT NORTHROCK

The NorthRock group began its evolution in 2017. NorthRock endeavors to democratise property investment opportunities, by providing access to quality assets that are typically available only to the well healed.

Our expertise is practical, not just theoretical and proven.

NorthRock's strengths are in the depth of experience and relationships within the industries invested into.

The experienced NorthRock team generate tangible returns, through a considered approach to real estate investment.

With abilities honed over many decades working across every aspect of real estate assets, NorthRocks' team exudes experience, and strong relationships within the industry.

This makes NorthRock somewhat different to other fund managers. We approach investments from an 'Asset First' perspective based on realisable returns, not paper profits.

Real People delivering Real Returns for Real Investors.
